Considering narrativity and atmosphere with Rosmarie Waldrop, Robert Hass, and others as guides to the prose poem.

2 P.M. TO 4 P.M.

FREE YOURSELF WITH FORM POETRY // Robert Lee // Fact & Fiction

Frightened to write form poetry? What if it frees up, rather than freezes up your free verse? We'll write with a design in mind, explore the evolution of form, and find out it's fun. Join us!

PLACE-BASED PROSE // Nicholas Littman // Shakespeare & Company

Tune in to the particulars of place. We'll begin with a short walk outside then translate our observations and musings to the page.

CREATING A GRAPHIC NOVEL // Alex Alviar // Boyle Deveny & Meyer

No experience necessary—we'll dive in together.
